

HGS Provider Lifecycle Management

Supplying Provider Lifecycle Services to Enable Providers to Broaden Offerings

In this post-reform era, individual and family enrollment has seen a significant increase. The right lifecycle focus includes dedicating resources to the efficiency of network management, claims accuracy, and medical cost management, to lower costs, improve provider and member satisfaction, and make health care more accessible. HGS Provider Lifecycle Management Services comprise services that focus on provider engagement and back-office processes, as well as complementary and aligned to Utilization Management, Case Management, and Care Coordination. Additionally, our member support staff works to improve end-user experience, provider denial management, explanation of benefits, and handling of customer queries. Over our history, HGS has become the partner of choice for five of the top ten insurance payers within the United States. Our clients count on us for our domain expertise and customer care focus.

HGS Capabilities

HGS Provider Lifecycle solutions include:

- Contracting and onboarding
- Provider support and experience management
- Credentialing
- Database management
- Network management
- Quality surveys and reporting
- Provider scorecard management
- Provider performance analytics

Along with our Provider Lifecycle Services, HGS also offers more provider services: financial clearance, coding accuracy, cash recoveries, and denial reversals. We support clients during specific times of need such as pressures on cash flow, including patient accounting system conversions, process transformation and redesign efforts, staff turnover, and talent recruitment challenges.

“The ACA has spurred activity in both the public and private sectors, contributing to the accelerated pace of state and local innovations across the country. There is widespread agreement that fee-for-service health care should no longer be the norm, and that fundamental shifts are needed to produce affordable, high-quality, value-based care.”
